

Jasmin “Jay” Kolasinac

Hello Hiring Manager,

My name is Jasmin “Jay” Kolasinac and I am a physician assistant student graduating in January 2022 from York College/CUNY with a Master of Science in Physician Assistant Studies. I am interested in applying for the physician assistant opening in Orthopedics at NYU-Brooklyn.

I am currently completing my Surgery rotation at NYP-Queens from 11/8-12/10. I also completed my Emergency Medicine rotation at Staten Island University Hospital from 3/8-4/2. During my rotations, I was able to see how well the team of physician assistants, residents and attendings performed at providing medical care for their patients both in the emergency setting, on the surgical floors/ICU, and in the operating room. I loved that I had plenty of opportunity to learn about the different medical presentations and management of patients who came into the hospitals and how surgical management can have a major impact on their recovery. Having experience as a physical therapy aide further solidified my passion for orthopedics as I was able to take part in patients’ post-operative recovery. With my current education, I now seek to provide quality care to these patients both preoperatively and intraoperatively.

I believe that my friendly demeanor, eagerness to learn, communication skills, ability to acclimate to various scenarios, work ethic, professionalism and team player attitude are a few of my qualities that I believe can be of value to your team, to the department, and the NYU-Brooklyn hospital.

I welcome the opportunity to discuss with you my qualifications and career possibilities at your convenience. If you need to reach me, please contact me at or by my email @gmail.com. Thank you for your consideration. I look forward to speaking with you soon.

Sincerely,
Jasmin “Jay” Kolasinac
